7.2 Health Made Simple Program

It's no secret that the quality of the world's fitness is rapidly declining.

In spite of world class medical care, we are quickly succumbing to major health disorders. The primary reason is that our imbalanced modern diet fosters acidity. Pathogens such as harmful bacteria and viruses thrive in an acidic internal environment and this is where the problem starts.

The answer is Health Made Simple...a powerful yet easy way to nourish the human body back into balance. How does this balance work? There is a chemistry scale upon which the health of all living things (soil, plants, and people) operates. This pH scale is represented by numbers from 0 to 14 and measures how acidic or basic (alkaline) something is. A pH less than 7 is acidic and a pH greater than 7 is alkaline. A few degrees of alteration on this range can make a world of difference in health or sickness. That is why Sevenpoint2 created Health Made Simple.

7.2 Weight Loss Made Simple Program

The SevenPoint2 Weight Loss Made Simple program is the ONLY Alkaline Diet System on the market that decreases the acidic environment of the body causing rapid body fat loss, optimal health, strength, endurance and an incredible overall sense of well-being.

Our great tasting 7.2 protein Shake, made with organic ingredients, will naturally decrease hunger and sugar cravings. Our 7.2 organic Greens will kick start your metabolism and gently cleanse your system to optimize your weight loss, providing all your daily vegetable requirements in one delicious serving. Our 7.2 Alkaline Booster will help you sleep better and alkalize your body to help support maximum weight loss. Finally, our 7.2 Recovery is your secret weapon in staying fit and feeling young as it allows you to be more active during your transformation, now available in convenient tablets and in powder form.
